Core Workflows

USPTO-compliant IDs and specimens in minutes

New Application Drafting

Learns what a brand sells and produces
USPTO-compliant IDs and specimens

Stronger first drafts, fewer misses, 75% less time

Existing ID Conversion

Breaks foreign or legacy IDs into individual terms,
mapping each to the USPTO ID Manual

USPTO-compliant IDs, no added fees

Renewals Preparation

Audits registered IDs for use & identifies
supporting URLs and specimens per term

Audit-prep without the specimen hunt
